WASHER**
HEALTHTECH
unlimited efficiency

Unlimited efficiency.

Multiwasher® Healthtech are high performance healthcare washing machines engineered by Somengil. Developed for the most demanding tasks, in which wash and disinfection quality are critical success factors for your operations.

An Integrated Solution.

Multiwasher® Healthtech's cutting-edge technology was designed in a cabinet format to ensure perfect integration with food and laundry carts to guarantee their disinfection.

One Equipment, Several Utilizations.

Multiwasher® Healthtech was developed as multi-purpose. Its technical features allow it to be used not only on a full range of kitchen appliances and carts, but also on laundry accessories.

Kitchen solution washes:

- › Gastronorms, pans
- › Cooking utensils.
- › Food delivery trolleys

Laundry Solution washes:

- › Bag holders
- › Aisle trolleys
- › Polypropilene trolleys
- › Trolleys for clean transport

It's not just about sustainability. It is sustainability.

Save water.

Multiwasher® HealthTech uses 2/3 less water than other similar industrial washing solutions.

Save soap.

Multiwasher is environmentally friendly, using 70% less soap in the wash cycle. Designed to occupy as little space as possible, giving you a bigger and better workspace.

Save money.

Smart energy consumption, less consumption of water and detergent, less maintenance. All this equals to more savings.

If they use it, why not you?

Our customers are happy because we give them the best experience.
We combine our engineers' expertise with a consultative selling approach that assists you in all phases of the process - from installation to maintenance, in the case of need.
Your medical cleaning safety is assured with Multiwasher HealthTech
